2 Step Process to Enroll an Affiliate

Step1 send this: Hi _____I thought I would run this by you. It may not be a fit for you...but...I have been blessed and I have a passion for helping people. I am privy to some info on a company launch that I plan to promote because cutting edge personal development is something everyone needs to be..."on their game". Plus it can help someone diversify their income or create a new revenue stream in 180 countries in 2014 (Only for those who want to participate) and the company just launched so the timing is perfect! I can get you on the line with the founders if you like.

PS I would love to work with you!

PSS the 2 guys are in the top 20 in the world and one mentored Tony Robbins before he was famous.

Let me know if you would like me to send a link.

Step 2: If they reply "what is it or yes send me the link"

_____...maybe this will help. As you know personal development is a HUGE industry. Think in terms of the super high quality courses like Tony Robbins and many others have put out. But instead of simply helping people with how to think...create goals...or a business plan etc. This actually focuses on how to get the best result NOW. So a real simple view is this....millions buy self-help courses and books, right?....Here you get that on steroids, it's a write off in many cases (check with your CPA) plus you can create a substantial recurring income with large bonuses by offering others the courses on how to become the best version of themselves. My favorite part is this... if they already have a business, product or passion....we help them become the rock star they were born to be and master whatever their passion may be! So it's something everyone who wants to succeed...or personally take their career to the next level...needs. Plenty of individuals and businesses will want the courses for themselves...or their employees/sales force etc. Make sense?

Here is a link to see a clip. If you would like to know more than the clip offers... let me know because there is something today and tomorrow...with more.

Have an awesome rest of the day!
